

Before recycling

It is always recommended to reuse before recycling, to prolong the use-phase of the product. If the product should be recycled, please use the following instructions.

Overview of materials

The table below shows the different materials used for production of a FONT chair or sofa.

FRAME Stainless steel

FRAMEFEET	HDPE (Polyethylene)
-----------	---------------------

FOAM	CMHR (Polyurathane)
------	---------------------

SEAT BASE	FSC certified plywood
-----------	-----------------------

UPHOLSTERY	Depends on choice
------------	-------------------

Recycling instructions

Unscrew the backrest from the frame, using the screws under the backrest.

Unscrew the seat from the frame, using the screws underneath the seat.

Use a scissor or knife to cut open the upholstery, and pull it off the seat and backrest.

The foam can now be easily pulled from the metal frame of the backrest, and the plywood of the seat. The materials are sorted and recycled using the instructions at the recycling facility.
